ABOUT ME

Graphic designer skilled in Adobe Photoshop, Illustrator, and Canva, with hands-on experience in brand identity, packaging, and social media design, currently expanding into UI/UX with Figma. Recently completed a Graphic Designing internship applying these skills on live client and social media work, and eager to bring the same energy to a full-time design role.

EXPERIENCE

Graphic Designing Intern | Codec Technologies Pvt. Ltd. (Mar 2026 – Apr 2026)

- Completed a 1-month AICTE & ICAC-approved Graphic Designing internship on the National Internship Portal.
- Worked on branding, social media creatives, and marketing materials for client and internal projects.
- Applied core visual communication skills across digital and print-facing assets.

PROJECTS

Brand Identity & Packaging Design | Lavender Lily (Client Project)

- Developed the complete visual identity for a real client brand, Lavender Lily, from concept to final delivery.
- Designed the primary brand logo, presenting multiple concepts and refining one based on client feedback.
- Established the brand's online presence with a cohesive set of social media graphics and templates.
- Created print-ready designs for physical products, including stickers and box packaging.

Brand Identity Design | Pulse Fit (Self-Initiated Project)

- Designed a complete fitness brand identity built around the concept of a heartbeat/EKG line merged with a bold 'P' mark, symbolizing strength, focus, and discipline.
- Developed a full logo system (primary and secondary marks), a symbolic design blueprint, and brand guidelines covering construction, clear space, and minimum size.
- Built a brand color palette (lime green, orange, deep black, off-white) and applied it across gym signage, apparel, and merchandise mockups (T-shirts, hoodies, caps, bags, water bottles).

Brand Identity & UI/UX Concept | Flowy (Self-Initiated Project)

- Developed a complete brand identity and digital product concept for "Flowy," a fictional wellness-focused brand.
- Designed the logo, color palette, and typography system based on keywords like "calm," "minimalism," and "flow."
- Created high-fidelity mockups for a mobile app UI, product packaging, and a cohesive set of social media visuals.
- Compiled the entire project into a final case study presentation.

Promotional Poster Design | JASMI

- Created a print-ready promotional poster to advertise a new product line.
- Adapted the main poster design into multiple formats for use on social media channels.

EDUCATION

Bachelor of Science | Mes Art, Commerce and Science (2022 – 2026)
